# M

### SAFETY DATA SHEET

according to the Global Harmonized System (and with all of the information required by the CPR)

	Date of issue: 06/08/2015	Version 1.
ECTION 1.Identification Product identifier		
Product number	648314	
Product name	Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	
Synonyms	1,3-propanediol, 2-amino-2-(hydroxymethyl)-	
Relevant identified uses of	the substance or mixture and uses advised against	
Identified uses	Reagent for research and development	
Details of the supplier of the	e safety data sheet	
Company	EMD Millipore Corporation   290 Concord Road, Billerica, MA 0182 United States of America   General Inquiries: +1-978-715-4321   Monday to Friday, 9:00 AM to 4:00 PM Eastern Time (GMT-5)	1,
Emergency telephone	800-424-9300 CHEMTREC (USA) +1-703-527-3887 CHEMTREC (International) 24 Hours/day; 7 Days/week	
ECTION 2. Hazards identifi	cation	
GHS-Labeling Not a dangerous substa	nce according to GHS.	
Other hazards		
None known.		
ECTION 3. Composition/inf	ormation on ingredients	
Chemical nature Synonyms	Mixture 1,3-propanediol, 2-amino-2-(hydroxymethyl)-	
Remarks	WHMIS hazardous composition: No ingredients are hazardous according to the CPR criteria.	

#### Description of first-aid measures

*Inhalation* After inhalation: fresh air.

Product number	648314	Version 1.0
Product name	Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	

#### Skin contact

In case of skin contact: Take off immediately all contaminated clothing. Rinse skin with water/ shower.

#### Eye contact

After eye contact: rinse out with plenty of water.

#### Ingestion

After swallowing: make victim drink water (two glasses at most). Consult doctor if feeling unwell.

Never give anything by mouth to an unconscious person.

#### Most important symptoms and effects, both acute and delayed

We have no description of any toxic symptoms.

#### Indication of any immediate medical attention and special treatment needed

No information available.

#### **SECTION 5. Fire-fighting measures**

#### Extinguishing media

Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media

For this substance/mixture no limitations of extinguishing agents are given.

#### Special hazards arising from the substance or mixture

Not combustible. Ambient fire may liberate hazardous vapors.

#### Advice for firefighters

*Special protective equipment for fire-fighters* In the event of fire, wear self-contained breathing apparatus.

Further information

Suppress (knock down) gases/vapors/mists with a water spray jet. Prevent fire extinguishing water from contaminating surface water or the ground water system.

#### SECTION 6. Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

Advice for non-emergency personnel: Do not breathe vapors, aerosols. Evacuate the danger area, observe emergency procedures, consult an expert.

Advice for emergency responders:

Protective equipment see section 8.

#### **Environmental precautions**

Do not let product enter drains.

#### Methods and materials for containment and cleaning up

Product number	648314	Version 1.0
Product name	Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	

Cover drains. Collect, bind, and pump off spills. Observe possible material restrictions (see sections 7 and 10). Take up with liquid-absorbent material (e.g. Chemizorb®). Dispose of properly. Clean up affected area.

#### SECTION 7. Handling and storage

#### Precautions for safe handling

Observe label precautions.

#### Conditions for safe storage, including any incompatibilities

Tightly closed.

Store at +15°C to +30°C (+59°F to +86°F).

#### SECTION 8. Exposure controls/personal protection

#### Exposure limit(s)

Contains no substances with occupational exposure limit values.

#### Engineering measures

Technical measures and appropriate working operations should be given priority over the use of personal protective equipment.

#### Individual protection measures

Protective clothing should be selected specifically for the workplace, depending on concentration and quantity of the hazardous substances handled. The chemical resistance of the protective equipment should be inquired at the respective supplier.

#### Hygiene measures

Change contaminated clothing. Wash hands after working with substance.

*Eye/face protection* Safety glasses

#### Respiratory protection

Not required; except in case of aerosol formation.

Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

#### SECTION 9. Physical and chemical properties

Physical state	liquid
Color	clear colorless
Odor	No strong odor known.
Odor Threshold	No information available.
рН	No information available.
Melting point	No information available.

# SAFETY DATA SHEET according to the Global Harmonized System (and with all of the information required by the CPR)

Product number Product name	648314 Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	Version 1.0
Boiling point	No information available.	
Flash point	No information available.	
Evaporation rate	No information available.	
Flammability (solid, gas)	No information available.	
Lower explosion limit	No information available.	
Upper explosion limit	No information available.	
Vapor pressure	No information available.	
Relative vapor density	No information available.	
Density	No information available.	
Relative density	No information available.	
Water solubility	No information available.	
Partition coefficient: n-	No information available.	
octanol/water Autoignition temperature	No information available.	
Decomposition temperature	No information available.	
Viscosity, dynamic	No information available.	
Explosive properties	Not classified as explosive.	
Oxidizing properties	none	

#### SECTION 10. Stability and reactivity

#### Reactivity

See below

#### Chemical stability

The product is chemically stable under standard ambient conditions (room temperature) .

#### Possibility of hazardous reactions

Dangerous reactions are not expected handling the product according to its intented use.

#### Conditions to avoid

no information available

#### Incompatible materials

no information available

Product number	648314	Version 1.0
Product name	Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	

#### Hazardous decomposition products

in the event of fire: See section 5.

#### SECTION 11. Toxicological information

#### Information on toxicological effects

*Likely route of exposure* Eye contact, Skin contact

Specific target organ systemic toxicity - single exposure

The substance or mixture is not classified as specific target organ toxicant, single exposure.

Specific target organ systemic toxicity - repeated exposure

The substance or mixture is not classified as specific target organ toxicant, repeated exposure.

#### Aspiration hazard

Regarding the available data the classification criteria are not fulfilled.

#### Carcinogenicity

IARC	No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed
	human carcinogen by IARC.
OSHA	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as a carcinogen or potential
	carcinogen by OSHA.
NTP	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as a known or anticipated carcinogen
	by NTP.
ACGIH	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as a carcinogen or potential
	carcinogen by ACGIH.

#### **Further information**

Handle in accordance with good industrial hygiene and safety practice.

#### **SECTION 12. Ecological information**

#### Ecotoxicity

No information available.

#### Persistence and degradability No information available.

## Bioaccumulative potential No information available.

#### Mobility in soil

No information available.

Product number	648314	Version 1.0
Product name	Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	

#### SECTION 13. Disposal considerations

The information presented only applies to the material as supplied. The identification based on characteristic(s) or listing may not apply if the material has been used or otherwise contaminated. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations. Disposal should be in accordance with applicable regional, national and local laws and regulations.

#### **SECTION 14. Transport information**

#### Land transport (DOT)

Not classified as dangerous in the meaning of transport regulations.

#### Air transport (IATA)

Not classified as dangerous in the meaning of transport regulations.

#### Sea transport (IMDG)

Not classified as dangerous in the meaning of transport regulations.

#### **SECTION 15. Regulatory information**

#### United States of America

#### Canada

#### WHMIS Classification

Not controlled under WHIMS (Canada).

This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR.

#### Notification status

TSCA:	All components of the product are listed in the TSCA-inventory.
DSL:	All components of this product are on the Canadian DSL.

#### **SECTION 16. Other information**

#### Training advice

Provide adequate information, instruction and training for operators.

#### Key or legend to abbreviations and acronyms used in the safety data sheet

Used abbreviations and acronyms can be looked up at www.wikipedia.org.

Date of issue:06/08/2015

Product number	648314	Version 1.0
Product name	Tris Buffer, 1.0 M, pH 8.0, Molecular Biology Grade	

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to appropriate safety precautions. It does not represent a warranty of any product properties and we assume no liability for any loss or injury which may result from the use of this information. Users should conduct their own investigations to determine the suitability of the information.
